Submissions extended until Friday, November 25!

Tech Slam Announcement and Survey

Call for Slammers!

Our Tech Slam was so successful last time that MAALLT is excited to hold a Tech Slam 2! on Tuesday, December 6 at 7:30 PM EST. This event is open to everyone, and MAALLT members will be able to view the event afterward as well.

A "tech slam" is like a poetry slam. Each presenter will speak about a technology, app, solution, or technology-supported practice for language learning, for 5 minutes. These micro-presentations are meant to show a variety of potential applications for learners of world languages and their instructors and technologists who support them. We are targeting up to 8 micro-presentations for this Slam, followed by a question-and-answer period. The entire event will last approximately an hour.

If you would like to present for 5 minutes about a technology or technology-enabled best practice, we would love to include you! Please give us a bit of information at the link below. Submissions are due by the end of day on **Friday, November 25** and notifications will go out no later than the end of the month. Registration for presenters and attendees will be announced shortly.
